Sir:

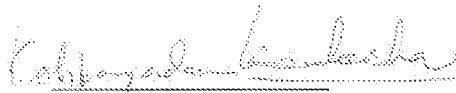

I, Kotikanyadanam Sreekrishna, hereby declare and state as follows:

1. I am one of the listed inventors of U.S. Application Serial No. 10/712,629 ("subject application") and of the subject matter described and claimed therein.
2. Specifically, I am the sole inventor of the subject matter related to compositions comprising a complex of mouse HRT protein and human ubiquitous receptor set forth in the subject application.
3. I also conceived or invented the subject matter related to compositions comprising a complex of mouse HRT protein and human ubiquitous receptor disclosed in United States

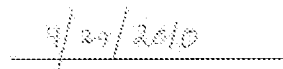

patent application publication 2004/0086945 (hereinafter the '945 application), which was expressly abandoned on November 4, 2008.

4. I declare that I conceived of the subject matter related to compositions comprising a complex of mouse HRI protein and human ubiquitous receptor set forth in the subject application prior to the priority date of the '945 application.

5. I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of this application or any patent issued thereon.

Kotikanyadanam Sreekrishna
